WELHAM BOYS' NEWSLETTER

1 Oct. 1984

EDITORIAL

The 19th Issue of 'The Oliphant' is in front of you. Not much has happened since we left you. Firstly, we would like to apologize to some members of our Old Boys Society, who may not have got the last issue. This was due to the shortage of magazines in print and we do hope that such a thing shall not take place again. An unending protest put forward again and again, by the boys', is the shortage of 'interesting' articles. May we remind them that this is a mouthpiece of the boys, and so it is the Editorial Board which expects interesting articles from the students. The shortage of good matter in this newsletter is only due to the sole reason of the shortage of contributions by the boys of this institution. We expect the boys to put in their little bit in this magazine. Generally most of the contribution have been coming in from the class 6 and 7 boys and

hardly any from the class 8 upwards. Not only from the boys, but also from the staff. The contributions from the staff could comfortably be counted out on our fingers.

Our brief welcomes of the staff members in the last Editorial, did not appear. This issue we bring for you, short, informal queries put forth by us, which were very well answered by the new staff members. We hope they shall prove to be informative to all. The first preliminary examinations, for the class 10 are just round the corner. A common sight to see 10th class boys mugging up till late at night and also, all through the day. Let us hope they all profit from the hard work they are putting in.

The Two Faces of India

Oh ! In India there are people poor,
But some are rich—that's for sure;
Due to hunger the poor are sad,
But after money the rich are mad.
The rich not a penny they think of giving.
The poor man dreams to have some riches.
But does the rich man dream to live near ditches ?

Wise Little Mice

When little mice sit reading books,
It seems their mother never looks.
To see if it is time for bed.
She sits and reads her books instead.
But when they play noisy charades,
Or have exciting big parades,
It seems no time until, in pairs,
She sends them marching up the stairs,
With orders to go straight to bed—
To-night they're reading books instead.

PRESENTS

With all my presents
Wrapped and tied
I've quite forgotten
What's inside.

NAUGHTY BOY

There was a boy, his name was Dick. He was a naughty and bad boy, he used to live with all the bad boys. His father always told him not to be naughty, but he did not obey his father. As he was growing big he was becoming naughtier and naughtier. Alas!

One day his father ordered him to bring some apples. He obeyed his father and went to the market to buy some apples. In those apples one of them was rotten and he kept all of them in the fridge.

After some days his father told him to get all the apples. He obeyed his father and brought the

apples. When his father saw that all the apples were rotten, he thought for a while something and called his son and told him that, just because of one apple all the other apples too became rotten, In the same way you will also become a bad boy because of you other bad friends.

Meet The New Staff

To help all the students as well as the staff, to form a better idea of some of our new teachers we conducted these short interviews

MR. BENJAMIN

Q. 1 Where did you receive your education ?

Ans First in Dehra Dun and then in Agra i.e. my higher education.

Q. 2 What are your qualifications ?

Ans B.A., B.ed.

Q. 3 What are your hobbies ?

Ans Reading and of course hunting.

Q. 4 What impression do you form of the school ?

Ans The boys are nice and the teachers co-operative. The teachers can come out with their own new ideas is good, but the boys, they do not congregate like if a match is going on one is bothered to cheer for the school.

MR. J. DAVIS

Q. 1 What made you come to India ? Did you come here under any compulsion.

Ans. In Britain India has a great charm. It is considered to be a beautiful country.

Well, I did not come here under any pressure and came here according to my own free will.

Q. 2 Could you throw some light on your education ?

Ans. I have just finished with my schooling and have come to teach. This is the years gap between the schooling and university. Next year I shall be doing graduation in science from the Cambridge university.

Q. 3. What do think about Welhams ? Could you comment on the education system.

Ans. The boys in Welhams have great unity among

them. They are much involved in the activities of the school.

I think that the science subjects are not taught in a practical manner. The boys though are bright as well as resourceful but believe in spoon feeding.

MR. O. P. MALHOTRA

Q. 1 May we know something about your past life and education ?

Ans. I did my M. A. in 1943 from Lahore University After that, from 1943 to 1951, I was Head of Mathematics Department, D. A. V. Degree College, Hoshiarpur in Punjab. In 1951, I came to Doon School. In 1960 I was sent to England by the British Council. In England I taught Mathematics in various Public Schools. I then retired from The Doon School on 1st July, 1984 After putting in 33 years of service in The Doon School and 8 years in the College, on the whole I have 41 years experience.

Q. 2 What are your hobbies and other interests besides teaching ?

Ans. My hobbies are writing articles for the leading newspapers in India, like The Times of India, The Statesman, The Hindustan Times and The Illustrated Weekly. One article on The Doon School was published in The Illustrated London News on 9th April, 1960. Another hobby of mine is photography. Some of the photographs

were also published in the Illustrated London News, alongwith my article. Many others have been printed in The Illustrated Weekly of India. One more and the most important hobby of mine is the practice of Homoeopathy, which gives me a lot of opportunity to serve humanity in my own humble way.

Q. 3 What was your first impression of Welhams ?

Ans. Welhams is an extremely good institution, from the point of view of the behaviour and the discipline of the boys is concerned.

Let us hope we get some interesting articles from Mr. O. P. Malhotra.

DR. SABHARWAL

Q. 1 Could you tell us something about your early life ?

Ans. Since Class 2 I have been studying in Sherwood. I got my Senior Cambridge from there. I spent nearly all my childhood in a boarding school.

Q. 2 What do you think about the facilities in the school hospital ? Are they adequate or are any improvements required.

Ans. Its okay. We have everything to tackle emergencies. A lot more can be done, but for

a school hospital like this, the facilities are enough.

Q. 3 What is your opinion about the health of the boys ?

Ans. I would say it is above average. Minor ailments take place but that is not unusual.

Q. 4 What degrees do you hold ?

Ans. I got my M.B.B.S. from Armed Forces Medical College, Poona.

Q. 5 Your favourite pastimes ?

Ans. Although I used to play all games but due to the bursting of my knees I don't play very often now. Music, painting, reading and stamp collecting are my favourite hobbies.

Q. 6 In the end we'd like to ask you, what is your impression of our school ?

Ans. Its too early to make a comment like that, I mean one has to get used to the traditions and customs of a place before passing a remark like that. By the way you guys spelt my name wrong in the 'Oliphant'

Oliphant : Sorry Sir, the printers and we apologise for your mis-spelt name.

CRIME STORY

Jackson paced up and down his small, gloomy-looking cell, feeling very impatient. He was dark and had grown his moustaches and beard. He was wearing an old brown coloured pant and had a jacket. Although this was very dirty, it could have been at one time a very expensive and good-looking one. His friends had smuggled these clothes for him to wear for his escape.

The muscles of his face were taut. He seemed to be in great anger. His fists were clenched and he was hitting one with the other.

He had come into the prison exactly three months ago. He had been caught shop-lifting some food and medicines from a department store for his wife who was expecting a baby. In spite of persistent pleading by him and his friends, the Judge had given a punishment of six months imprisonment.

The baby, his first child was expected this week. He had explained the situation to his cell-mates and

they had gladly agreed to help him escape. The question was, would he or would he not be successful in his attempt to escape ?

All morning his friends and he had been working on the removal of the iron bars on the window which was closer to the roof than to the floor.

The time had come for his escape. The great moment had come. He got the signal from Nicholson the man who was on the lookout. He climbed the wall and reached the window. He passed the bars which had been placed there temporarily in case they would be noticed. He passed through the window and jumped out and ran.

There was hope as well as doubt in his mind. He ran as fast as his legs could carry him. It was dinner time and so the guards were lax.

He got out of the prison by jumping over the wall. He then headed towards home, not running,

but walking, so as not to arouse suspicion. He finally reached home after what seemed to him many hours of walking.

His house was locked. He assumed that his wife was in hospital. He went there and saw his beloved wife. She informed him that a baby boy had been born. He approached the nurse for his baby and

she brought out a chubby, fair and blue-eyed boy. His face lit up with joy. He had never been so happy in his whole life.

By this time he saw the police enter the hospital. Instinct told him that his time was up. But he had achieved his aim. He had seen his baby boy and wife. He did not care as to what the future would hold for him.

DO YOU KNOW YOURSELF

Often we picture ourselves in an entirely different light to how other people see us. This is because we tend to see only what we want to see, & turn a blind eye to the parts of our character we're not so

keen on. Well nobody's perfect, so find out what sort of person you are by ticking off 15 of the following types of character in any of the columns and rememberbe honest !

ONE

Now check your own ticks, and see which column contains the most. If it was

COLUMN ONE

You are the solidly creative type, probably artistic and always the individual to think best on your own. You tend to rebel against petty restrictions, rules and regulations and hate being told what to do by other people. You are always a good friend to a tiny few, and you are never happy unless you are doing things and indeed living your own life in your own

way.

COLUMN TWO

You are the strong, dominant type who hasn't much time for the weaker ones. You are also a pioneering, organising sort of person who gets things done and is never happy to just let things stay as they are. Difficult to endure, let alone live with, you see what's wrong with the world so clearly and you feel it could all so easily be put right if you could have your own way.

COLUMN THREE

You are the faithful, plodding type who usually gets there in the end but only after years of humdrum effort and disappointment. People like you make the world go round accepting of life as it is and your willingness to struggle onwards and (you hope) upwards, very little would ever be achieved. You never mind being bossed around by people obviously cleverer than you, and you tend to make the world a happier place, if not a more efficient one.

He Visited Antarctica

An interview with Dr. Madanlal

Q. 1 Could you tell us something about your early education?

Ans. Since a very young age I had love for mountains. I spent a greater part of my life in Jammu and Kashmir. I completed my education in Ladakh where I received my P. hd. Degree. I would visit the mountains very frequently from Simla.

Q. 2 Why were you selected for this expedition?

Ans. I had done my P. hd. in Ladakh under cold conditions. I was accustomed to extremely cold conditions and I had a very good health, my contributions to mountaineering were many. These were a few of the many reasons for my selection.

Q. 3 What was your first impression when you saw Antarctica.

Ans. Early people like Scott who had visited Antarctica gave us an impression that it was 'an awful place'. Scott called it 'the home of blizzards'. I being a tough minded optimistic, was really thrilled. In Bhagwat Geeta, Lord Krishna has said, "Raise yourself because self in self is everything". I only had a minor fear, whether I would reach home alive or not.

Q. 4 Did you have any difficulty or problems on Antarctica?

Ans. Physiological problems always crop up. Like Cabin Fever- a person does not like to stay in his cabin for long. Under extreme temperature and Six months night (in Winters), one likes to leave everything and run away. Then we have

COLUMN FOUR

You are a jolly extrovert, although you tend to quieten down as you get older. Nothing really worries you much and nothing or on one really ties you down in one particular way of life. You enjoy life, and probably your greatest joy is helping other folk to enjoy it too. People like you are great so you many find it hard to grow up completely and your frivolous approach to life may rob you of many of its greatest joys unless you are careful.

the Big eyed and long eyed. In the first one a person to keep himself busy keeps on reading a book. He does not take interest in his daily chores. Long eyed is described as "a gaze of 12 feet in a room of 10 feet."

Q. 5 How much is the maximum expenditure for an expedition like this?

Ans. The total cost for our expedition was Rs. 5 crores. We even lost one helicopter which also costed up 5 crores.

Q. 6 How come Antarctica is called a continent?

Ans. In the beginning 7 countries used to claim Antarctica, as their own. So a treaty was signed by 12 countries (16 at present) declaring the land of Antarctica as an international continent.

Q. 7 What else was discussed in the treaty?

Ans. This treaty also declared Antarctica as the largest scientific lab in the world. Any scientific information or anything new found by any individual country must be disclosed to the other countries, (who have their base on Antarctica). They even have to tell the types of machines they have, the capacity of their generators and so on. If they are found killing any animal, they have to give a reason for it.

Q. 8 How did your family react to this?

Ans. Well, they were a major contribution to my success. As they say, Behind every successful man there is a woman in my case it was my wife and my family.

The Oliphant is Full of Articles

The Oliphant is full of articles,
Like a haunted house full of dust particles,
Here is a poem and there is a joke,
and stories from Russian folk.

There are many Rhymes
And plenty of stories about crimes,

Umesh writes about the cricket match,
And appreciates Anshul's catch.
We thank Mrs. Kamra the Oliphant setter,
To provide us with such an interesting newsletter.
Hope the Oliphant stays evergreen,

चारों धाम की यात्रा (पिछले अंक का शेष)

एक पर मेरी मम्मी बैठी और एक पर मेरा छोटा भाई । मेरे पापा, भईया और मैं पैदल चलते गए । शाम तक हम केदारनाथ पहुंचे और नेपाली रेस्ट हाऊस में ठहरे । वहाँ बहुत ठण्ड थी । दो-दो रजाइयाँ लेकर एक घण्टा सो गए । उठकर हमने वहाँ का मन्दिर देखा । वहाँ शिवजी का बहुत बड़ा शिवलिंग है । मन्दिर के अच्छे दर्शन हुए । वहाँ एक ज्योती भी है जो हर समय जलती रहती है । फिर हम वापस जल्दी-जल्दी आए क्योंकि बहुत ठण्ड थी । विश्राम गृह पहुंचते ही हम सो गए । सुबह उठकर हम एक ऐसी जगह गए जहाँ ताली बजा कर हर-हर महादेव बोलो तो तालाब में मे बुलबुले निकलते थे । फिर हमने एक बार फिर मन्दिर के दर्शन किये । मन्दिर के बाहर एक गाय की मूर्ति थी । सदियों में जब सब लोग नीचे चले जाते हैं, तब वह मूर्ति एक बार जोर से चिल्लाती है । फिर हम स्वामी शंकराचार्य जी की समाधी देखने गए । यह एक छोटे से कमरे में खुदी हुई है । यह सब देखने के बाद हलने बर्फ से ढकी चोटियाँ देखी और फोटो भी खिचवाए ।

इसके बाद हम सब लोग केदारनाथ जी से विदा लेकर

चल पड़े । इस बार मेरी मम्मी भी पूरे १५ कि०मी० पैदल चली । हम गौरीकुण्ड आखिर आ पहुंचे । हमने सामान उठाकर गाड़ी में रखा और तब जाकर साँस लिया । गौरी कुण्ड में हमने एक और रात गुजारी । सुबह आराम से उठे क्योंकि तीन धाम तो कर ही लिए थे बस एक बद्रीनाथ और बचे थे । हमने सारा सामान कार में डाला और बद्रीनाथ जी को चल दिए । शाम को थके-थकाए विश्राम गृह में पहुंचे । एक दो जगह विश्राम गृह के पास घूम ली । सुबह तीन बजे उठकर गरम पानी के कुण्ड में स्नान किया फिर मन्दिर के दर्शन किए । यहाँ मन्दिर में सब सामान चाँदी में बना हुआ था । मन्दिर के दर्शन के बाद हम भागवत माई के पास गए । ये हमारी गुरु हैं । उनसे व दो-चार बातें हुईं । फिर उनसे भी विदा लेकर गाड़ी में बैठकर वहाँ की प्राकृति सुन्दरता को अपने मन में सजोये हुए मन में सोचते सोचते हरिद्वार पहुंचे जहाँ रात बिताई । सुबह उठकर गंगा जी में स्नान किया अचानक याद आया कि एक दिन गंगोत्री में भी नहाय थे । फिर गाड़ी में बैठकर हम वापस घर आ गए । कितनी अच्छी तरह बीते ये दिन ।

दिनांक १७ सितम्बर को हुई हिन्दा निवन्ध प्रतियोगिता में से कक्षा ६ और ७ की रोचक पंक्तियाँ छांट कर आपके लिए प्रस्तुत की हैं ।

यदि मेरी लाटरी खुलजाए

लाटरी खुलने पर मैं एक सुन्दर औरत से शादी करूँगा जो अपना धर्म निभा सके और मेरी सेवा करे । हम दोनों एक आलीशान महल में रहेंगे जिसका नाम होगा “पवित्र महल” ।

हमारे स्कूल में बड़े धर्मात्मा लड़के भी हैं जो लाटरी खुलने पर-“अपने गांव में आकर प्याऊ खुलवाता, कुएँ खुदवाता और सड़कों के दोनों तरफ पेड़ लगवाता ।

मुझे नहीं पता था कि हमारे स्कूल के बच्चे खिलौनों पर और विदेश जाने के लिए अपनी जान देते हैं। उन पैसों से मैं डेर सारे खिलौने खरीदता जो मुझे अपनी जान से भी प्यारे हैं और विदेश जाता।

हमारे स्कूल में कुछ कामचोर भी हैं जो लाटरी पर ही उम्मीद लगाए बैठे हैं “अगर मेरी लाटरी खुल जाए तब मुझे काम करने की जरूरत ना पड़े”।

कुछ शिष्य ऐसे भी हैं जो गृहस्थ जीवन जीने के अभी सपने देखने लगे हैं- “मैं अपने बेटे सोहन को नयी किताबें नई कमीज, पतलून और जूते खरीद कर विद्यालय में भरती करवा देना”।

लाटरी ८० करोड़ की परन्तु इनकी देश-प्रेम की भावना

देखिए-“अपने देश में भी फैंकट्टी खुलवाता और अमरीका, चीन, जापान आदि देशों में भी और भारत का नाम अमरीका से भी ज्यादा रोशन करता”।

आजकल के लड़के गाड़ी के पीछे तो दीवाने हैं-“और बाकी पैसों की मैं गाड़ी खरीदूंगा और क्लब में जाकर गाड़ी चलाना सीखूंगा”।

मुझे अपने मित्र में क्या अच्छा लगता है।

हम सबको अच्छे मित्रों से ही मित्रता करनी चाहिए- “मुझे उसकी एक आदत बहुत पसन्द है कि वह दूसरों की सेवा करता है”।

सच्चा मित्र वही है- “वह मुझ पर मुश्किल पड़ने पर मेरा साथ देता है, वह मुझे गन्दे काम करते समय डाँटता है”।

पंजाब का अकाली आन्दोलन

सतलुज नदी के तट पर स्थित आनन्दपुर साहब सिक्खों का पवित्र तीर्थ है। जहाँ गुरु गोविन्द सिंह ने सन् १६६९ में व्रंशाखी के अवसर पर पांच प्यारों से खालसा पंथ का श्री गणेश किया था। यही पर १६-१७ अक्टूबर, १९७३ को अकाली दल ने बड़े उग्र रूप में कुछ माँगों को प्रकट किया था।

अकाली नेताओं ने कुछ धार्मिक माँगें भी रखी हैं, जैसे अमृतसर को पवित्र धर्मनगरी घोषित करना और सिगरेट, तम्बाकू माँस की बिक्री एवं सेवन पर प्रतिबन्ध, स्वर्ण मन्दिर से रेडियों पर गुन्वाणी का प्रसारण और ऐसे देश के सभी ऐतिहासिक गुरुद्वारों का प्रबन्ध एक अखिल भारतीय गुरुद्वारा कानून द्वारा शिरोमणि गुरुद्वारा प्रबन्धक समिती को सौंपा जाना।

चण्डीगढ़ की बहुत माँग की है। चण्डीगढ़ को पंजाब की राजधानी के रूप में बनाया गया था। अब यह हरियाणा की भी राजधानी है। एक निर्णय किया गया कि चण्डीगढ़ पंजाब को दिया जाये, और बदल में अयोधर तथा फ्राजिल्का के क्षेत्र हरियाणा को मिलने चाहिये, परन्तु अकाली चण्डीगढ़ तो चाहते हैं, पर इतने उपजाऊ क्षेत्रों को छोड़ने के लिये तैयार नहीं हैं।

पंजाब में अकाली आन्दोलन नेताओं की घोषणा के अनुसार अहिंसक और शांति पूर्ण है, परन्तु उसके चलते हुए दिनों दिन अशांति बढ़ रही है। अगस्त, ८३ के अंत में अकालियों ने ‘काम रोको’ आन्दोलन आरम्भ किया। कई पंजाब के नगरों

में पुलिस को गोलियाँ चलानी पड़ी।

पंजाब में कितने ही प्रमुख पुलिस अधिकारियों की हत्या की जा चुकी है। रेलों में भी बहुत हत्या हो चुकी हैं। ६-७ जून ‘८४’ को स्थल सेना ने स्वर्ण मंदिर तथा उसके बाहरी इलाकों को घेर लिया। बहुत गोलियाँ चली। जवानों तथा सेना के अधिकारियों ने बहुत चेष्टा की थी कि स्वर्ण मंदिर को कम से कम नुकसान होया जाये। आखिर में कई अकाली पकड़े गये, कई भाग गये, एवं कई मर गये।

स्वर्ण मन्दिर की जब अन्दर से जाँच हुई तो बहुत गोला बारूद निकला। मन्दिर के नीचे एक तहखाना बना हुआ था। सरोवर से कई ट्रांसमीटर तथा बहुत कीमती सामान मिला।

अकाल तख्त का बहुत हिस्सा खराब हो गया है। उसे एक निहंग दल के नेता बाबा संता सिंह अपने दल के साथ उसकी मरम्मत कर रहे हैं।

जुलाई ‘८४’ में हमारा एक वायुयान जो कश्मीर से दिल्ली आ रहा था। अकालियों के पक्ष ने उस वायुयान पर घावा बोल दिया और उसे लाहौर ले गये। खैर उसमें से एक भी यात्री नहीं मरा था।

हम सब को मिलजुल कर रहना चाहिए। हिन्दू और सिख में मुझे कोई अन्तर नहीं लगता।

SPORTS REVIEW

The traditional inter house football league have begun simultaneously evoking the House spirit in each individual to see his house emerging victorious.

The first match in the seniors division was between Cauvery and Jamuna. Though the odds were 10 to 1 yet the Jamuna team put up an extremely praise worthy fight in the first half. But in the second half Jamuna lost their grip over the opposing attackers and went on to lose 9-0.

In the Junior's : Krishna displayed their superiority over the the Ganges team with perfectly coordinated games. The result of the match was an easy victory to Krishna 4-0, which inturn was the result of

tremendous practising. The credit of this victory was due to the contribution of 3 goals scored by Devraj Singh.

Sub Junior's : The match between Cauvery and Jamuna was well contended. Both teams blocked each other's attacker's effeciently but in the end Cauvery emerged victorious the score being, 1-0. The solitary goal being scored by Manav Chopra.

Intensive practise for the inter house diving competition have begun. Nowadays the swimming pool is usually crowded with enthusiastic and expectant divers.

Cultural and Literary Activities

The second issue of "The Oliphant brings with it a wide range of articles on various activities.

To begin with, there was a lecture on anthropology by two gentlemen from, "The Anthropological Survey of India". As only the ninth and tenth class boys were able to attend it for other's information. I would like to tell you that Anthropology is a study on various tribes, their culture, their behaviour and why do they behave in the way they do. It was an interesting lecture giving light to Polygamy and Polygandry in the various parts of India, and the reasons of these customs. it took place on 11th of this month.

On the 16th of this month Dr. Madan Lal prominent official of K.D.I.M.P.E. Who was the geologist

present in the Antartica expedition organized by India. A slide show was given by him on Antartica. It was very knowledgeable and interesting.

After this we had the usual set of movies etc. Senior boys were shown the, 'French Connection II'. An enjoyable movie no doubt. The junior classes have seen an unaccountable number of movies, somehow or the other the audi-visual squad always finds a way into the Oliphant, sometimes for criticism at others times for praise. They certainly do deserve a praise now for keeping the junior so happy with their regular movies every Sunday. But it is our advice to them to try and get movies with better print and sound Now before I start getting you bored I had better lift off my pen.

WELHAM NEWS

Our tough trekkers. Niran and Ejaz are off to 'Dodital', on an Inter-School trek.

Dr. Madan Lal, one of the members of the 3rd Antartica expedition Came to Welhams. He showed us some slides on Antartica.

Some boys were really thrilled to see the massive Computer of KDIMPE. This place was visited by some boys of class Xth recently.

The schedule has changed and the winter routine has come into force.

Diving competition is being held on the 8th of October.

After a long time the AVS members managed to show us a movie. The sound was really terrible.

Inter-house-soccer matches are going on.

Gaurav and Vijit have done if again, by winning another trophy for Welhams in the declamation contest.

And best of luek to all the tenth graders for their exams.
