Editorial

We are trying to speed up our Magazines, so this one, which is dated 1968 and is number 27, is being sent to the press almost as soon as the last one has been received and distributed to the boys and parents. Miss Poole, who also worked hard on the last number, has collected the articles, illustrations etc. for this issue, and has volunteered to see the magazine put safely to bed in the press before she departs for England after her one year spent teaching here.

This term has been less eventful than most. Being Spring, a number of White House, Toad Hall, and Woodseats enjoyed a fortnight in hospital with chickenpox. Once the fever subsided, and in most cases it was very light, they spent the rest of the quarantine period happily playing in the tent pitched in the hospital garden. Talking of gardens, over 70 boys turned gardeners, and spent their afternoons happily growing their own flowers and vegetables on their own plots. We now have some very attractive photographs in colour of them in their gardens.

There have been many excursions this term; the outstanding one was to the Tungnath shrine, on the way to Kedarnath, on the shoulder of the Chandrashila peak near Ukhimath. It was no small achievement for ten year old boys to climb to a

height of 12,000 ft., the last 4000 over snow. They did it light-heartedly, and enjoyed their camp by the side of the Deori Tal.

We have made a blue elephant this term, with a Welham School boy sitting on his back, and another climbing his trunk. You are cordially invited to come and see him next time you visit the school; you will find him on a wall near the Dining Hall. Many willing hands worked on this, collecting the right sort of pebbles, etc., and even tops off tooth paste tubes were pressed into service.

The project was made possible by the generosity of the parents of a boy who left us recently for the Doon School, and I hope it will prove the forerunner of other bright ideas to make our school more attractive in appearance, as much as it is full of life.

A CRICKET MATCH

Our school has played many matches against other schools. Once we played against Cambrian Hall.

We started our match at 2-30 p.m. on the Welham ground. We were waiting for their team to come, when our Captain Rishi Raj called me and said, "Why aren't you in your whites? You are an extra". I was so eager to play the match that I ran to change.

When I came back the Cambrian Hall team had arrived. The Captains went in for the toss. Our Captain won and made up his mind to field first. Our opening bowler Anand, bowled very well and took their Captain, who was the opener, on the first ball. They soon declared at the score 64 for 8 wickets.

Then we had a tea break of about ten minutes, and continued our match.

Our openers Roy and Indushekhar went in to bat. They played very well, and Roy scored 25 runs not out. Indushekhar was out at the score of 15 runs. We passed their score and declared at 64 for 3 wickets. It was an interesting game, but I was not given a chance to bat.

CRICKET vs MAYO COLLEGE

Our school went to play the annual cricket fixture against the Mayo College. Playing against a much better side our boys put up a creditable performance and won the match by virtue of the first innings lead.

Mayo batted first and were soon in trouble, after the first half hour play the score board read 17 for 6 but then their tail enders put up some resistance and carried the score up to 52 all.out. The most successful bowler being Rishi Raj 5 for 25 and off spinner Pradeep who took four wickets. The fielding also was of high standard.

Indushekhar and Roy opened for us and at the close of the first day's play the score was 42 for 4 wickets.

The next day Rajiv Mediratta and Gurpreet took the score past Mayo College's first innings total. Mediratta batted confidently against some very good bowling. It was mainly due to him that Welham was able to pass Mayo College's first innings score. We were all out for 72 runs.

The outstanding performances of the match were by Rishi Raj, Pradeep and Mediratta and some good wicket keeping by Karan Singh.

Our boys returned a much more experienced and confident side, having beaten a very good team.

CRICKET vs SANAWAR

Returning from Ajmer we were invited to Sanawar for a cricket match on the 13th of April. After losing the toss and being put to bat, our opening batsmen Roy and Indushekhar were both out for one. At the fall of 2 wickets, Rajiv and Karan changed the position of the game by taking the score to 68. Later on when Karan and Rajiv were out, Rishi Raj and Aditya played some good cricket and took the total score to 108.

Sanawar went in to bat after lunch and they found it very difficult to face Chada's and Rishi's swingers; their score was 12 runs for 7 wickets. Then Mokule Chopra tried to save the situation by scoring 12 runs, but his side were all out for 47 runs.

Thanks to Karan for his 42 runs, to Rishi Raj for scoring 20 runs and taking 5 wickets, and to Aditya for his catches in the slips. Pradeep's off spin bowling took 3 wickets, because it was well controlled and had good length. At last Welham won the match because of its tight fielding and good bowling.

HOCKEY

This term our regular hockey practice was much delayed due to cricket. However, we began to practise according to our various age groups.

The friendly matches played against a few of the Dehra Dun Schools, St. Mary's, Meerut, Mayo College, Ajmer improved our standard considerably. At present our senior boys have attained a praiseworthy standard in the game and I hope they will improve more in the years to come.

MY PETS AT HOME

I have got a monkey, baby deer and a rabbit at home. For the night the monkey stays on a tree. The deer and the rabbit are good friends. They lick each other's face. The monkey plays with our servant. My Mummy bought it only for 5 Rupees. The monkey sits on our servant's head and pulls his hair. I like my monkey.

PICNIC AT LACHIWALA

In the month of March we went out to Lachiwala for a picnic. There was a small river flowing through the forest. We had a good bath and swim in the cool water. We caught some fishes and tadpoles. We went for a walk in the forest. Mrs. Downes taught us a picnic song. We had an orange at fruit time.

Lunch was very good. We had time to rest and play. After tea we came back to our school. We enjoyed the bus ride.

Mr. AM-BOX

Mr. Jam-Box is my favourite Sir. He is very funny. He likes me very much. He runs very fast. He teaches me boxing and skipping. He has nice boxing gloves. He looks like a Tarzen. He takes us out camping and makes us enjoy very

nuch. He shows us telescope. He has light brown eyes. We call him Mr Jam-Box, but his real name is Mr. Jamshed Masani. The first day he came to our class he told us jokes.

MY DREAM

One day I had a dream. A tiger caught me in a forest to eat me up. I saw that he was going to kill me. I took out my shining knife and killed him. When I killed him I saw two shining eyes. They looked like gold. So I went near and near and there I saw a ghost. I ran from there. I crashed with a wild elephant. So I killed that wild elephant. Then I went farther and farther. There I saw a very big cave. I went inside the cave. There I saw a fairy with a beautiful gold dress. She took me inside her house. And then at once I woke up. I was sleeping on my bed.

A LITTLE BOY WHO GOT LOST

Once upon a time there lived a boy with his mother and father. One day his mother said, "You go and fetch some water." When he went to fetch some water he got lost in the woods. Then he began to cry all day long. One day when he was going he saw a house and in the house was a little old man and a little old woman, and a dog which had no legs. The boy went inside the house and said, "Please may I sleep here?"

The little old man said, "You may sleep here," and then he knew that they were his mother and father. He kissed his mother and father, and they all lived happy ever after.

MY FAVOURITE GAME, CRICKET

I like playing cricket. When I was three years old I learnt cricket. I have a cricket cap. We play cricket with six wickets, one ball and eleven bats. There are eleven players in each team. Cricket is played by two umpires. I like to do fielding and batting very much. I play cricket in my school. My Sir teaches me very well. His name is Mr. Sharma.

Our school has played lots of cricket matches. Our cricket Captain's name is Rishi Raj. We have got very good cricketers in our school.

My father taught me cricket. I go to my father's cricket club.

BOMBAY

Bombay is near the blue Arabian Sea.

In the evening I go to the Hanging Gardens where there are animals made of grass. I also visit the Band Stand and there I ride on a horse. We sometimes go to Juhu Beach and

eat sweets over there. We have a field near our house where we play. We often go swimming at the Willingdon club. We had a cricket match—India vs. West Indies in C.C.I.

My house's name is Laxmi-Bhaven.

MY TEA GARDEN

My tea garden is in Assam. It looks green and the tea is very sweet and the garden has long green trees and is named Cinnatolliah

We go shooting and kill four or five hens or pigeons. Sometimes we have bad luck.

In our garden when we go fishing we have a very nice time. But at some places the waves are very high and some people even drown. We can even catch 14 lb. fish.

In our garden airstrip the pilots are friendly and they let me drive the aeroplane and I have a lot of fun in talking to them. They tell me everything about the Focker Friendship and Viscount planes.

I like it there because they are so friendly. I like Assam very much and I want to stay there my whole life. I even like to invite people from school but it takes a lot of money to reach there. In Assam once I took a round of the airstrip runway in a fire engine.

CAMPING

At mid-term we went out for camping to Ambari, and we had swimming there.

In the night we had to open our own bedding. Next morning we went to the river for Holi. We had lots of fun there. Then we came back and went to Kalsi to see the Ashoka Pillar.

We had to do our own work. In the evening we went for a walk to Dak Patthar. We had nice food there.

HOLI AT HOME

I went home with my uncle and mummy. We went in the train to Moradabad. From Moradabad we went to Sambhal in the bus. It was 14th of March.

In the night we burned Holi. That night I slept at eleven O'clock.

Next day I brushed my teeth, wore my Holi clothes and began to play Holi in our factory.

We came back home and we bathed and put on clean clothes.

I like Holi very much.

PICNIC AT DAK PATTHAR

It was a holiday when I woke up by the noise of the birds. I was so happy because we were going for a picnic to Dak Patthar.

The bell rang and we all got up from our beds and went to brush our teeth. After we had changed we went for breakfast. After breakfast we went to the bus and got in. The bus driver came and started the bus.

We were all shouting with joy. The bus reached Dak Patthar and we got out of the bus. We had our fruit and went to see the dam. After coming back from the dam we had our lunch. We were given chocolates.

After some time we went swimming in the river. When we came back we changed and went back to school.

PARLEZ-VOUZ FRANCAIS ?

Well, I do. Just 'un peu'. Je m'appelle Anshuman et je demeure à Dehra Dun. I never say, 'Good Morning' now, but 'Bonjour, madame' (monsieur) et 'Merci, monsieur' (madame). When my friends worry me I say—"Taisez-vous, s'il vous plait" or "Allez-vous en." The French are always very polite but they use an awful lot of extra words. We say 'What is it?'" That sounds good enough for me—but monsieur says "Qu' est-ce que c'est?" and that means, "What is it that it is?"

I can count up to 'cent' and can write and say many things in French—like "Voici le livre" et "La robe est bleue."

Next year, I shall give you all my news in Francais.

Au revoir !

INDIA'S AIRCRAFT CARRIER

India's Aircraft Carrier is one of the biggest Naval ships of India. It carries about thirty planes. It has a huge deck and a huge hangar. A hangar is a place where all planes and tractors are kept.

The planes are put on a catapult which works by steam and the plane is just shot up like a jet and that's how planes fly from the ship.

The ship has got six anti-aircraft guns on either side.

There are two types of planes. One type is the Sea-hawk and the other's name is Eabasy.

The Sea-hawk hunts for ships and the Eabasy hunts for submarines. It has a long wire which goes underneath the sea to find submarines.

WHAT I LIKE AND WHAT I DON'T LIKE IN THE SCHOOL

I study in Welham Preparatory School. There are many things which I like and dislike in this school. I like to study and play. These are very important according to me. Some may be disliked by all the boys. These are, getting punishments such as extra P.T. or a Y.C. Actually I would prefer extra P.T. to a Y.C.

Every Saturday we have to have a haircut. This is another thing which I don't like because I like to keep my hair long. The best thing I like is the tuck-shop. It's fun buying things of our own choice without any interference from mummy and daddy.

Seeing movies every week is fun. I always look forward to it and would never like to miss it. I think that the school should be proud of having loyal and sincere boys like me, for disliking P.T. and nothing else in the school.

MY BEST SEASON

My best season is summer. I like this season because it has long days and we can rest in the room with the air-conditioner on. We can play cards when it is very hot or we can play hide and seek. We can also swim in the afternoon. In the evening we go for long walks. There are very short nights and sleeping out is a lot of fun. We can borrow tents and sleep in our garden. My best fruit is mango and it comes out in this season. There are even cherries and water melons. We can enjoy these fruits while sitting under a tree. New leaves come out on the trees. We can have cold drinks and ice creams. In the evenings we can go for boat rides on the lake. In summer we have the longest holidays from school and studies. We can take a trip to hill-stations like Darjeeling, Kashmir and Nainital. When we go to these places we can even go and visit our friends and relatives. According to me it is the most enjoyable of all the seasons.

A VISIT TO A FAIR

Yesterday I went to a fair called the 'Air Force Mela,' which was held in Clementtown. We went with the school in a bus. Before we left for the fair we got three rupees each to spend. While we were going we sang songs, because it was a long bus-ride. When we reached, we bought our coupons as we were not allowed to buy things with money. Then I went in with my friends. We tried a lucky dip twice. We did not get anything in it. We tried a game of 7; in that there were three sevens, Lucky Seven, Under Seven and Over Seven. We put 20 paisa on Over Seven and won 50 paise.

Then we went to a stall where I bought a cap, seeds and a book. We also had an ice-cream each and some chaat. Then we had a coke. We also took a round in the merry-go-round. After that it was time to go. We had enjoyed it very much.

MY FARM

My dad has a big farm of 1,000 acres in Dadri, a small village in Gurgaon. In my farm there is a small cluster of trees where we pitch our tents. Near that is a big lake with wild ducks in it. My father shoots these wild ducks with his gun, and we eat them. They are very tasty.

In the farm there is a lot of work to be done. First we dig our tube wells in the proper places. We have four tractors. They work in the fields every day. It is the harvest season now and we have to do the most work in this season. A nother man

is helping my father, because the farm is very big. On Sundays while the workers are working in the fields, my father takes his gun and goes shooting ducks and partridges. In the evening everyone comes to the tents and we light a big fire and roast everything my father has shot during the day.

A MAGIC SHOW

Yesterday, a magic show was held in my school. It started at 6-30 p.m. Before it started, the man who was to perform gave us a little talk, and then he started. The first item was this. He took an electric bulb, broke it and ate the pieces of glass. Then he took two iron rods and a cloth was wrapped round the rods. He lighted the rods and put them in his mouth. When he took it out the fire was extinguished. The last item was the best. He took Re. 1 from a Sir and a watch from a Madam. He put both inside a box and then called a bearer to lock the box. He locked it, then he told him to give the key to the Principal. Then he showed us another item. After that he said that my mother has sent me a parcel and can you guess what came out from his parcel. The 1 rupee. Then the boys asked where is the watch. He said the servant will have to pay for it because he had the key of the box. The bearer said that he could not pay for it. So then he took a knife and a loaf of bread. He cut the bread into two halves and there was the watch inside it. I liked the Magic Show very much.

THE MID-TERM BREAK

Our mid-term break started on the 12th of March and ended on the 17th. I went to Ajmer with the school hockey and cricket teams to play matches with Mayo College and St. Mary's in Meerut.

We started from Dehra Dun at 7-30 a.m. and reached Meerut at 11-30 a.m. There we played a cricket and hockey match and lost both. We spent the night at Meerut. The next morning we left for Ajmer. We had lunch at Alwar. We reached Ajmer at 9-30 p.m. and had dinner at Kwality. Mr. Gibson was very angry because our dinner was waiting for us at Mayo.

We saw a lake at Ajmer.

On the way our fuel finished. While coming back we stayed a night in Delhi. The next day we came back to Dehra Dun.

OUR MID-TERM CAMP

I went for a camp to Mussoorie during the Mid-Term break. We went by bus to Mussoorie. We were supposed to go to Dhanaulti. We went with two masters. One was Mr. Singh and the other was Mr. Ramchand. We slept the night in Mussoorie and the next morning after breakfast we started walking to Dhanaulti. We walked ten miles to Suakoli. At Suakoli we found out that the road to Dhanaulti was blocked. So we slept the night at Suakoli and the next morning we went back to Mussoorie. We stayed in the house of a boy named

All set for mid-term.

Our cricket team at Ajmer.

Sabodh. He is in our school. In his house there was a tiger skin and a leopard skin. Near his house there was a slope. At the top of the slope was Gun Hill. We went to Gun Hill. On Holi we went to Bhatta Falls. We took packed lunches. After lunch we swam and played. The day after Holi we went to Mossy Falls. We also took packed lunches there. There was not much water there. After lunch we swam again, but I did not swim because it was too shallow. The next day we went back to school. We walked to the bus stand. It was a very quick journey but five or six boys were sick on the way. When we reached school all the boys greeted us. We were among the last to get back. We had to carry our beddings back to our hostels. We told everyone what we had done in camp. We had a lot of fun during our Mid-Term Camp.

A VISIT TO MUSSOORIE

On the first day of this term, I heard that the boys had decided to go to Mussoorie. After we got ready and the buses had come, we got a packed lunch in our haversacks. Then we started off for Mussoorie saying bye-bye to the school.

We could not see snow for a long time. We paid our toll-tax. After paying the toll-tax we saw some snow. The windows of our buses were open, so some passers-by threw snow into our bus. Then we closed the windows. The traffic was jammed in the way, so our bus conductor got down and gave us some snow in the bus. We started fighting in the bus. A bus had slipped in a drain on the side of the road,

The people came out of the bus and pushed the bus out of the drain. The bus could not go any further so we got down and walked a long way to Mussoorie, playing and fighting. We had our rain-coats on us so we did not get wet. When we reached Mussoorie we went to Kwality and warmed ourselves. Then we roamed here and there for a while. At 4-30 p.m. we started back and reached Dehra Dun at 5-50 p.m.

KIDNAPPED

It was a dark night when I was having dinner with my friend. Someone knocked at the door. I got up from my seat and opened the door. A man dressed in black caught me and my friend.

We were blindfolded and taken to a big red house. We were put in a dark room. We slept in the room that night and in the morning a man opened the door and came in. He had black hair, blue eyes and had a pipe in his mouth. He told us to write a letter to our parents asking them to pay Rs. 20,000. We refused to write. The next night while we were talking, my friend saw something shining. When he went near, it was a knife. We planned to break the lock. So we took the knife and hit it hard on the lock and luckily it broke and we ran out of the house. The kidnappers chased us.

We reached home and told what had happened. The next day my father informed the police and the kidnappers were caught.

MY TRIP TO A GAME SANCTUARY

I once went with my father to a Game Sanctuary called 'Kana Kashry'. It is near Jabalpure. It is one hundred square miles in area.

It was raining heavily when we started. We could not go by car so we went by a Land Rover. We were stuck many times because the road was not good at all but at last the rain stopped and we reached Kana Kashry.

We had our bath and had tea. We were told by some men that a pair of tigers and two cubs were at the kill so we went into the forest in a jeep. As we reached the place, we saw the tiger, tigress and two cubs busy eating away. So we went back to the forest house and made preparations for the tiger hunt next day.

The next day early in the morning we went on elephants and chased the tigers out of their hiding places. It was fun with four tigers around us, but it was rather dangerous too. Unfortunately we could not bag one even.

The next day we went where lions abounded. We saw a herd of bison. We also saw some blackbucks running, as they saw our jeep. We went back and had our breakfast, and then left for Jabalpure.

When we reached Jabalpure I told all that I had seen to my mother.

WHAT A CAT THOUGHT ABOUT A DOG

(The Cat Speaking)

I am a black cat and I am supposed to be lucky. I must be, because I always escape from dogs when

they chase me. I can climb trees, dogs cannot, and so I always escape.

Dogs are very bad, they chase me and try to bite my tail. When I go to scratch their eyes out, they put their tails down and run off as fast as they can go. I think they are cowards.

My first baby kitten loves dogs and she plays with them.

I don't know why she likes these animals and they like her. She even sleeps near them, but when she was very small, she used to say that dogs were horrible and she would never play with them. Now this is all changed. One day when I meet my kitten I shall tell her what lies she told me. I am much smaller than a dog but I am not in the least afraid of them. I just hate all dogs.

SUMMER IN RAJASTHAN

In Rajasthan the summers are very hot. Mostly in Bikaner if you go you will feel very hot. You will feel like leaving Bikaner that very minute. Sometimes in the morning also the sand storm comes. Mostly in the evening the sand storms come. Early in the morning when you get up you will feel hot and you will see the peacocks, tractors working, bulls coming, many women going to get water and some women getting water from the wells. In the evening, if the day is bad you go in a car from one place to another and the sand will bang against your cheeks and you will feel that somebody is slapping you. When the storm stops it rains. Before it rains you will see the peacocks dancing beautifully and with joy. Then it rains and the Rajasthani people dance with joy because

the soil becomes moist. When you come to Rajasthan you will feel the heat a lot, but afterwards you get used to it. The first time I went to Bikaner I felt very hot.

In Rajasthan the day is very hot but the nights are stormy and cold. Khinwsar is just in the corner of the desert. In Rajasthan at night when you sleep you have to tie your pillow to your bed and keep it well. If you don't your things will fly away.

MY AMBITION

My ambition is to become a scientist like Hall or Einstein. If I become one I will disprove Einstein's theory which is "anything that acts, reacts", and I will prove it to the world. After I am made famous for that, I shall go to our next Galaxy which is Andromeda, and kill all the Aliens which live there, and then Andromeda will be a part of India. But how will I bring it to India? Ha, that's my trick! I'll chop it into little pieces and put the pieces into rockets, and when the rockets reach India, I'll press a button, and they will join up and become part of India. But alas! I'll have to wait until I've grown up, to show the world how clever I am.

A WRECK

I was going to Australia by ship.

On the fifth night the weather started to turn bad. Sudden-

ly it became darker, and a storm arose. The Captain was giving orders to the crew. The lightning was roaring in the sky. Inside the cabins of the ship, it seemed as if there was a earthquake. The luggage was falling from its place. The people were falling sick. There was a great mess in the ship. In the cabins the beds, chairs, and tables were all in a mess. In the kitchen the cooks were collecting all the vegetables which were rolling on the floor. Our ship hit the rocks many times and was damaged. After two nights and days the storm faded. The sea was good and calm further on our voyage.

WILD LIFE

I am very interested in Wild Life. Every Christmas my family meets at my uncle's farm and we have a lot of fun

there going out shooting. Sometimes we get a forest block and go and camp in it and shoot many things. Sometimes my daddy brings guests to my uncle's farm for Christmas.

My uncle used to shoot a lot when he was young but now he thinks it is unkind to shoot animals. So instead he takes photographs of them. He writes articles and puts them in the Cheetal magazine. Some of his photographs also come in the same magazine.

My uncle has also built a tree house from where you can see hundreds of deer of all kinds, cheetal, swampdeer and hogdeer. I am very interested in watching him take his photographs.

MY YOUNG BROTHER

My brother's name is Kamal. He is a clever boy, but sometimes he is naughty, and he starts teasing me.

Whenever I hit him he starts breaking things and throwing things around; that seems to be his hobby.

Often he goes and tells my mummy about me, and I get a good scolding, so whenever I want to stop him from going to my mummy I have to bribe him with a bar of chocolate.

From all I have told you, you can see that I am completely under his thumb !

CAMPING

One Friday we went to Mal-Devta, with two masters and a servant. Mal-Devta is 8 miles from our school, and we went out on cycles. We started at two O'clock in the afternoon and reached there at four O'clock.

We were so tired that we first settled our beds in the tents and lay down and had some coffee. At night we heard stories from Mr. Uniyal and then we went to sleep.

In the morning, after having a good wash at the stream, we prepared eggs for ourselves for breakfast. Most of us had sweet omelettes which we made ourselves. We like these very much.

In the afternoon we caught fish which we cooked for lunch. We had a grand time swimming after this.

At night we lit a big fire and we had our dinner seated round it.

Mr. Uniyal and some of the boys went for a walk after dinner. They were not far away from the camp when they met three men who told them that there was a leopard in one of the caves nearby and they should be careful. As they were returning to the tents they saw in the bushes two shining eyes. The next second they saw a leopard chasing a rabbit. That night we slept soundly.

In the morning after a swim we came back and packed up to be ready to leave after lunch. We reached our school in time for dinner.

All of us enjoy going camping with Mr. Galbraith and Mr. Uniyal, because we always have such a good time and lots of fun.
